# GENERAL GUIDELINES

You're gonna be giving a LOT of interviews in these few days. So here's a few tips:

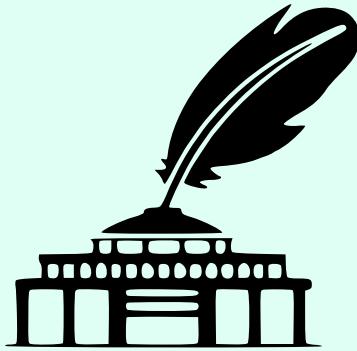

- Learn the names of the coordinators for the body you're sitting for (A very general question).
- Management-based bodies will almost certainly throw hypotheticals at you. Don't get caught up in the details; just rationally explain your thought process.
- For most bodies, enthusiasm is a more positive indicator than an actual display of skills. So show some energy.
- Don't change your priority order for different bodies; it's counterproductive and risky.
- Understand what the body does before sitting for the interview and check all their socials beforehand. Misidentifying a club as a department or vice versa is usually problematic
- Certain departments have a record of having ruthless inductions, so steel your nerves should you decide to apply for one of them.

# CULTURAL CLUBS

# DoJMA

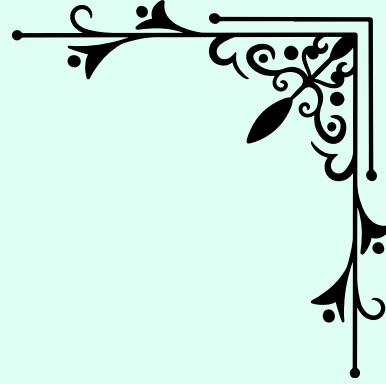

**The Department of Journalism and Media Affairs is the premier journalism club on campus. It is a club some of the finest writers and caricaturists on campus contribute enthusiastically to.**

**They write articles, draw comics and hold press conferences tackling the issues facing the campus head on. They are particularly active during the election season for the Council for Student Affairs and the Hostel and Mess Representatives. Diligently and professionally taking the interviews of all the candidates and hence spreading their policy platforms to all the students of BITS Goa.**

**Its not all campus related work though, they have plenty of interviews with prominent figures such as Dr. S Somanath, the Chairman of the Indian Space Research Organization.**

**So what are you waiting for? Grab a pen and start working!**

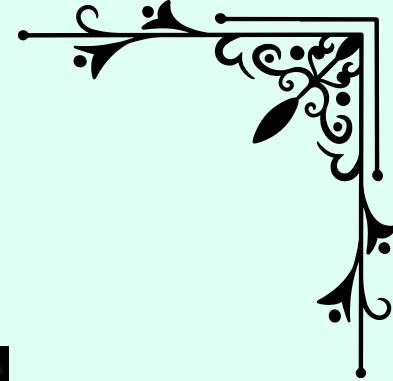

## Abhivyakti

Abhivyakti stands as a beacon of creativity and artistic expression. Abhivyakti deals in the realms of hindi and urdu poetry, music composition, lyrics writing and much more integrating them together to form their performances. What sets Abhivyakti apart is its commitment to originality. In a world where imitation often overshadows innovation, Abhivyakti is proud to have the cause of creating something new, something authentic. Throughout the year, Abhivyakti showcases its originality through a series of captivating performances in the premier fests of the club like Waves and Quarks. In addition to these events, Abhivyakti fosters a community of artists through regular jam sessions and open mics. Abhivyakti is more than just a club, the bonds and friendships made during this journey is something all members are a part of and cherish for the rest of their life.

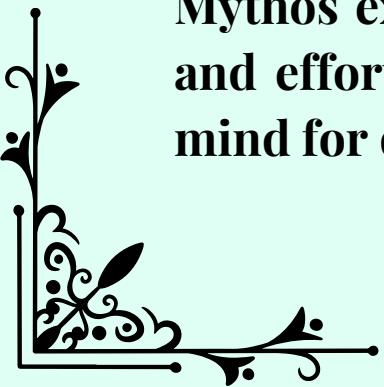

## Mythos

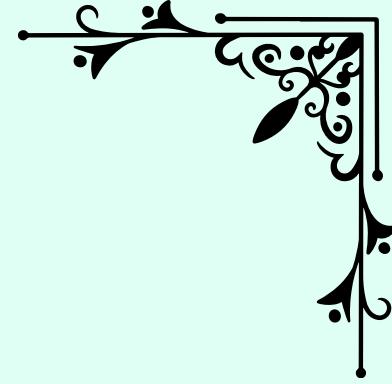

**Mythos** is a dynamic student-led club dedicated to fostering discussions on Itihaasa (History), Culture, and Darshanas (Philosophy) from an Indian perspective. Through engaging events like quizzes, open discussions, and the notable Heritage Tour, which takes members to explore Goa's lesser-known historical sites, **Mythos** offers a unique platform for intellectual and cultural exploration.

Freshers should be keen to share their thoughts and have open discussions with the club members about mythology and history are good to go for the inductions!

**Mythos** expects members who are ready to put in time and effort for the club's workings and having an open mind for discussions.

## Drama Club

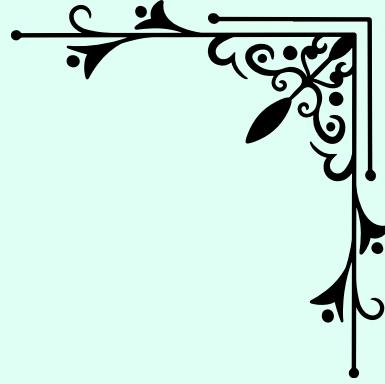

The Drama Club of BITS Goa blends the thrill of stage and street plays, creating a dynamic theatrical experience. Known for its warm, family-like atmosphere, the club encourages members to bond and grow through creative expression. Fun outings and collaborative efforts make this club a nurturing ground for artistic exploration.

Freshers should have a knack for expressing themselves freely, otherwise there are no pre-requisites required!

Consistency, ideation and creativity is expected from all the inductees in this club.

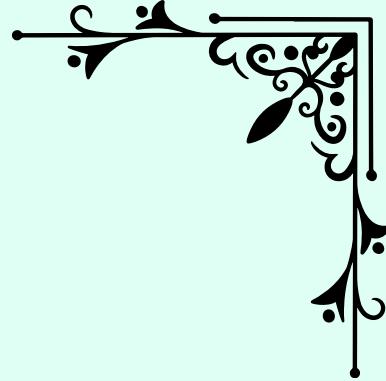

## Fashion Club

The Fashion Club is a community where enthusiasts come together to discuss, explore, and appreciate fashion. Our members enjoy engaging in conversations, participating in walks, and collaborating on fashion-related projects. We value creativity, teamwork, and the art of design. They hosts at least two performances each year: one during the Waves competition and the other at either Spree or Quark. We also participate in an external event. For these performances, our members personally design their own outfits and props. Inductees should be creative, enthusiastic, and able to bond well with others. We also value skills such as photo and video editing, modelling, stitching, and more.

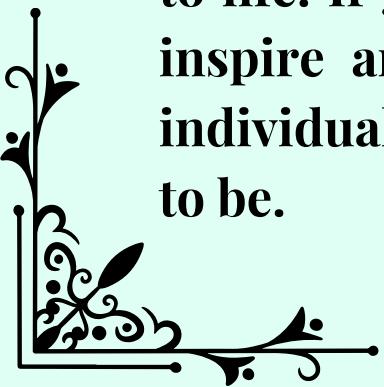

## Film Making Club

The Film Making Club (FMaC) is the creative powerhouse behind some of the most captivating visual storytelling on campus. From scripting and storyboarding to shooting and editing, their members excel in every aspect of filmmaking. Their impact is felt at every fest with their iconic curtain-raisers. Additionally, FMaC hosts a flagship treasure hunt event that has become a highly anticipated tradition. Beyond these, the club keeps the spirit of cinema alive through various productions and active participation in filmmaking challenges. Whether you're someone with a vision for the screens or simply a knack for cinema, FMaC offers a platform to bring your dreams to life. If you're passionate about crafting stories that inspire and are eager to connect with like-minded individuals who share your passion, FMaC is the place to be.

# Kala

**Kala**, the fine arts club of BITS Goa consists of a group of whimsical art enthusiasts who are skilled at a myriad of art styles and dabble in stimulating conversations (that might possibly involve capybaras). Their flagship event, "Kala night", in all its splendour reaches the pinnacle of creativity, whether its their rendition of Van Gogh or the Spiderverse. They also turn art into a spectacle in the form of live painting during inaugurations of fests, captivating audiences with their performances. So whether you're into colour theory or the Avant garde, they'd like to see you at inductions.

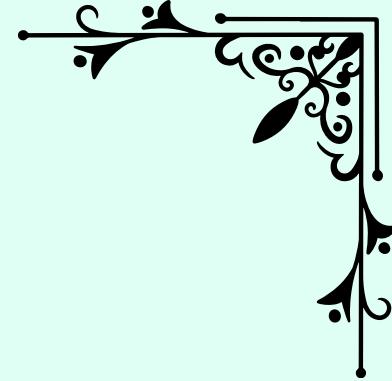

# The Literary and Debating Club

**The Literary and Debating Club of BITS Goa, LDC prides itself as the club that kicks ass in debates and smashes the literary scale. They conduct both national and intra college literature and debate events while also having internal events for their club members. They also attend various national level debate tournaments throughout the year where they have received countless accolades.**

**The members of this club will be some of the sweetest and most supportive people you will come across on campus. With someone always being there for you when you need them.**

**If you're a literature nerd or love debating, you will love our club.**

## The Eco Club

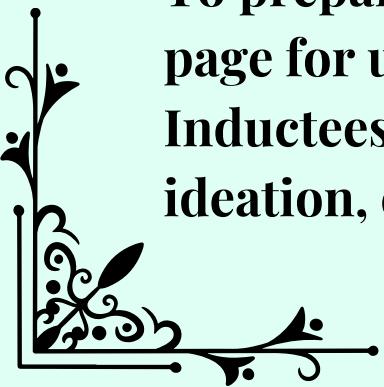

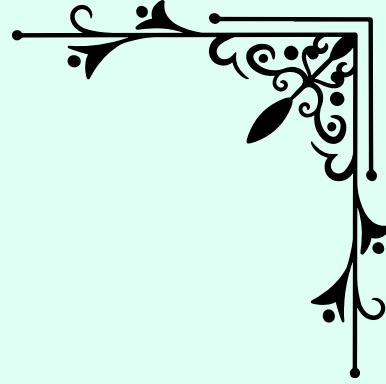

**The Eco Club** is a student-led organization focused on environmental awareness and conservation. The club typically engages in activities such as promoting sustainable practices on campus, organizing beach clean-ups, and much more. They also collaborate with faculty, local environmental groups, and other student organizations to address ecological issues both locally and globally.

Awareness-related events, sustainable and environmental projects, beach clean-ups, treks, birdwatching and nature walks are organised regularly.

To prepare, freshers should check out their Instagram page for updates and inspiration in their projects.

Inductees are expected to actively participate in ideation, events, and projects assigned to them.

## Mime Club

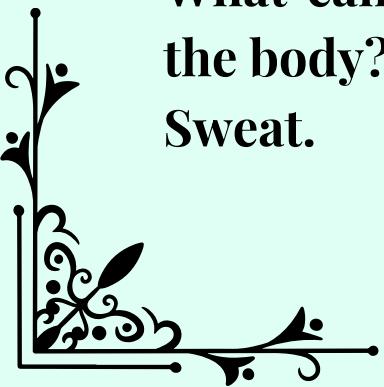

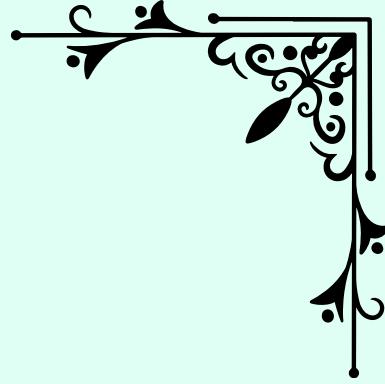

**Mime Club is where you can let your imagination run wild and tell the most amazing stories with just physicality. Conveying deep sorrow with precise, elegant gestures, or jumping like a crazy monkey to show you're celebrating; we act and take our audiences through wild feelings with our performances, having fun along the way.**

**Mime Club is our little family of crazy people who decided to get together to make an audience listen to our stories, without saying a word.**

**What can the inductees expect from the workings of the body?**

**Sweat.**

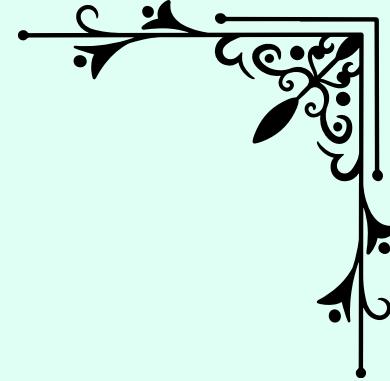

## The Music Society

**The Music Society of BITS Goa(MuSoc) is a club where talented musicians come together to share their passion for music. We perform a wide range of genres; from popular covers, to niche jazz songs, to original compositions, showcasing our versatility and creativity. MuSoc is known for its high standards and dedication to the craft, which has led us to win several prestigious competitions. The members are committed to pushing the boundaries of musical expression and excellence. Freshers preparing for the MuSoc induction rounds should focus on practicing their instrument and honing their skills. We understand that many of you might not have had the chance to practice extensively during your JEE phase, and we'll take that into account during the process. Just do your best, and we'll consider your potential.**

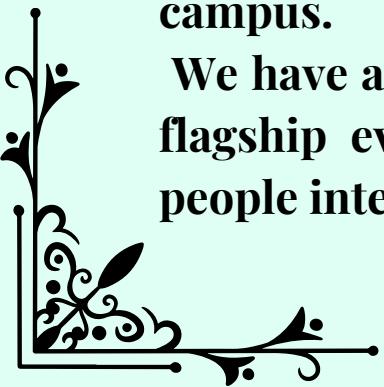

## Srutilaya

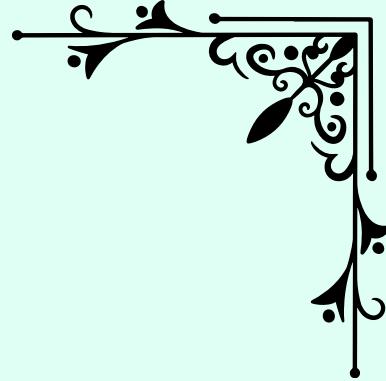

Welcome to Srutilaya, the classical arts club of BITS Goa! We're a group of like-minded people who are highly passionate about the classical art forms of India - from music spanning Hindustani, Carnatic, Dhrupad and more to the various dance forms of the country like Bharatnatyam and Kathak.

We perform and also have regular interactions regarding classical art (sometimes going on for 6-7 hours, but that's just rare passionate cases). We're open to everyone interested in classical arts! We're a performing-cum-organising club, so we would love for inductees to have some prowess in the performing arts. However, we are also open to enthusiasts who appreciate the classical arts and are excited about organising events promoting the arts on campus.

We have a host of events across the year, and especially our flagship event, Sursangam, has a lot of opportunities for people interested in organisation.

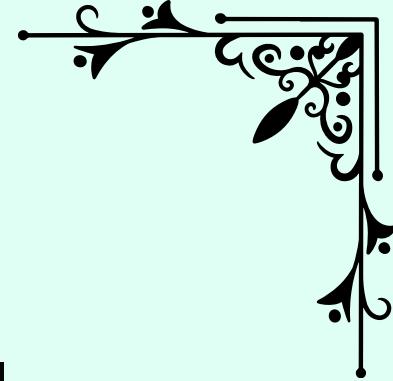

## Synchro noise

Welcome to Synchro noise, a vibrant acappella club! The club looks for dedication, a passion for music, and a willingness to learn. Whether you're a seasoned singer or a beginner, enthusiasm and commitment are what matter most. Regular practice, punctuality, and team spirit are essential, as each member contributes to their harmonious performances.

In return, the club offers a rich experience beyond just singing. You'll develop your vocal skills, learn intricate harmonies, and perform at various events. Musical theory and ear training is emphasized in synchro noise, helping you grow as a musician. Plus, you'll build lasting friendships and unforgettable memories. The seniors are always ready to help and guide you throughout your musical journey.

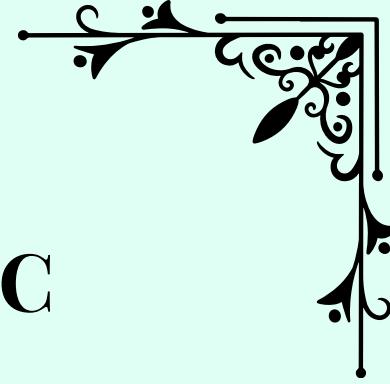

## Unify - Dance Club

The Dance Club of BITS Goa is a vibrant community of students who share their love for dance in all its forms. Often known for their stunning performances during events like Dance Night and Waves Inauguration, this set of dancers don't hesitate to venture into multiple styles including classical, hip-hop, Bollywood etc. So, if music makes you groove, then put on your dance shoes and give it your shot at our inductions. Freshers can prepare for the induction rounds by first registering for the inductions by filling out the necessary form. Next, they should prepare a 30-second choreography or dance to perform, which can be either their own creation or a routine from someone else. This preparation will showcase their skills and enthusiasm for joining the dance club.

## Fitness Society - FITSOC

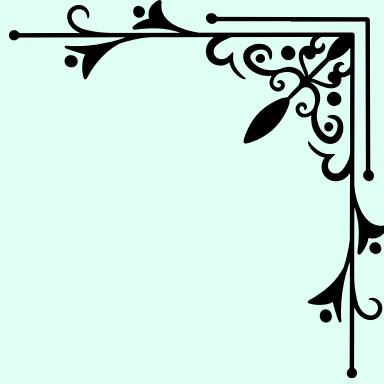

**Fitness Society (FitSoc)** is a club aimed to unite fitness enthusiasts to create a community where everyone can take part stay consistent, while also playing a role towards contributing to better sports and fitness infrastructure through the means of sponsorships.

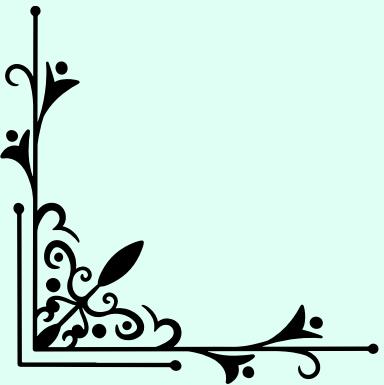

As a club, there are events in fests throughout the year, hence operational work during those. For those interested in sponsorship calling, showing up to calling sessions and making calls will be expected. Lastly, participation in our sports events and staying consistent in their fitness journey.

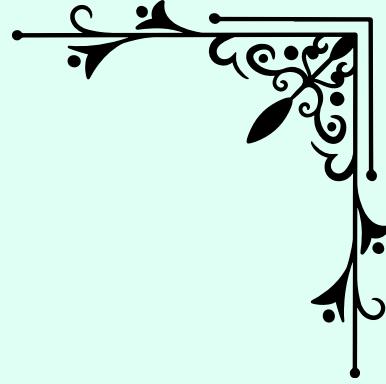

Inductees are not expected to have any prior experience. Enthusiasm and willingness to stay consistent with the club's workings is expected.

# TECHNICAL CLUBS

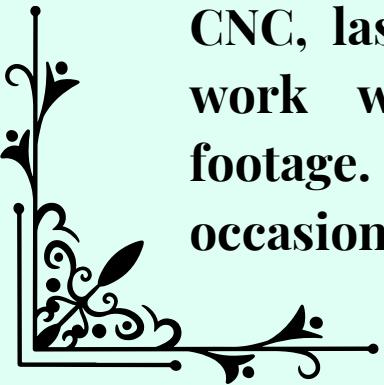

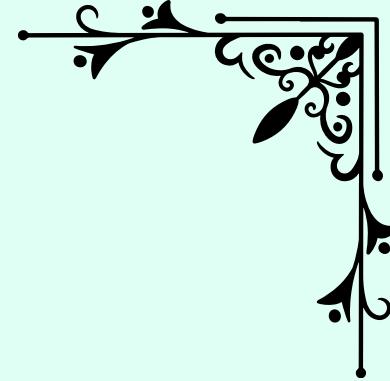

## Aerodynamics Club

The Aerodynamics Club, aims at 2 areas of interest - competitions and research. We aim at competing in national and international competitions, while at the same time parallelly working on innovations in the field of aerodynamics and automation. We build drones, planes and anything that can practically fly. Our projects tread a fine line between cool, innovative and outright wacky, however there is no limit to our innovation, for as they say "The sky is the limit". Inductees can expect a plethora of things to work on : we range all across the spectrum, from simulations to real life testing, from research to precise builds, from 3D CAD modelling to video editing and designing, we have it all. We also work closely with high precision CNC, laser cutting machinery and 3D printers, and work with other organisations/clubs for aerial footage. We also conduct workshops and the occasional airshow.

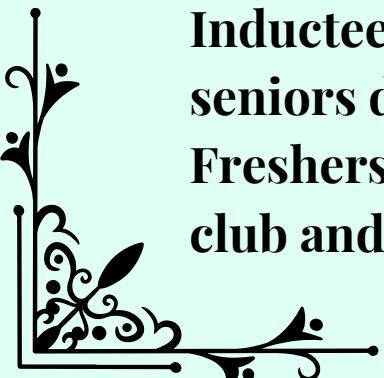

## SEDS Celestia

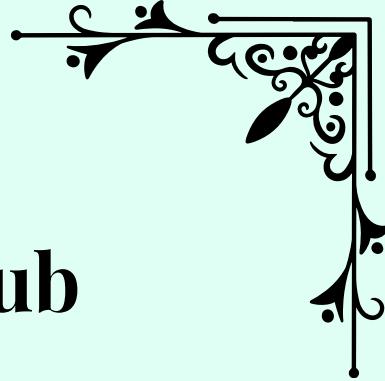

**SEDS Celestia** is the premier Astronomy, tech and STEM awareness club of BITS Goa. The club has many projects including Rocketry which is building a self landing rocket, Airavata participates in NASA's HERC challenge which is building a human powered rover for space exploration and members are working on numerous interesting projects such as ChessBot, ADR and N-body simulation. The observations team has projects such as spectrograph and AI/ML for exoplanet detection. They also conduct many observation sessions under the stars in the cricket ground where club members can come, meet each other and interact while looking through our telescopes.

Inductees can expect to learn loads of stuff from club seniors during regular meets.

Freshers are expected to form a commitment to the club and an attitude to learn and engage.

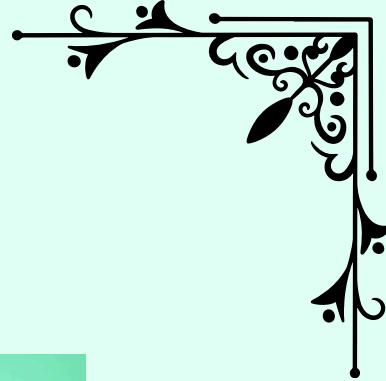

## BITS Goa Consulting Club

**BITS Goa Consulting Club (BGCC)** is a student-led organization dedicated to building a passion for consulting, product management, and business strategy among its members. BGCC provides a platform for students to engage in real-world consulting projects in collaboration with startups and NGOs, national-level case competitions, and informative workshops, honing their problem-solving and analytical skills. With a focus on professional development, executive-level networking, and hands-on experience, the club connects students with industry experts and offers opportunities for growth in various consulting domains. BGCC's initiatives include collaborative projects with businesses, organizing guest lectures and case study workshops, and helping members gain valuable practical insights and experience in the consulting field. Familiarize yourself with the consulting industry, including its structure, major players, and current trends. This knowledge will help you engage in discussions and demonstrate your interest in the field. Focus on honing skills that are critical in consulting, such as analytical thinking, problem-solving, and communication. Participating in workshops or training sessions can enhance these competencies.

## BITS Goa Quiz Club

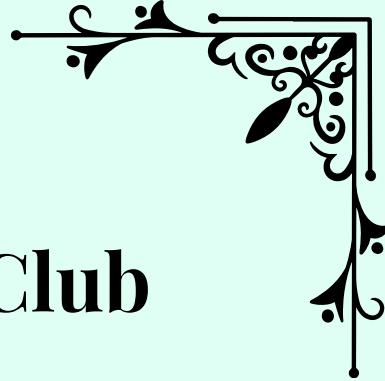

This club is all about boosting the quizzing culture on campus while having a blast. Throughout the semesters, we host quizzes on everything from pop culture and sports to science.

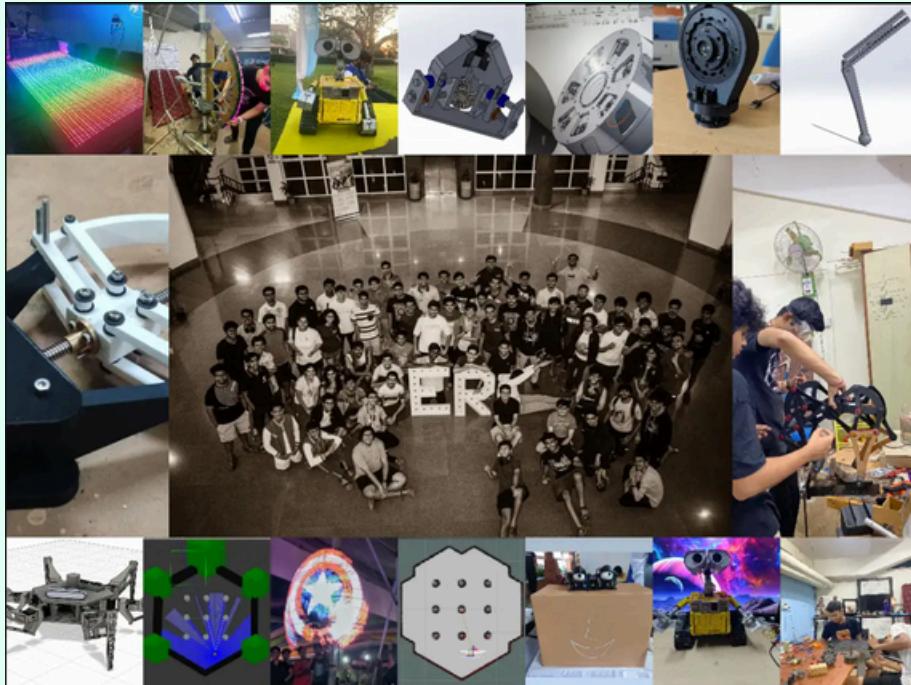

If you're one of those people who live for trivia and love learning new things (yes, even Taylor Swift trivia counts), then this club is perfect for you. There will be a Fresher's Quiz soon, only for the incoming batch. It will be a general quiz on absolutely anything that can come up.

There will also be interviews for those who would wish to join the club, so should you not do too well in the Fresher's Quiz, all is still not lost; another chance comes through the interview.

No pre-requisites required.

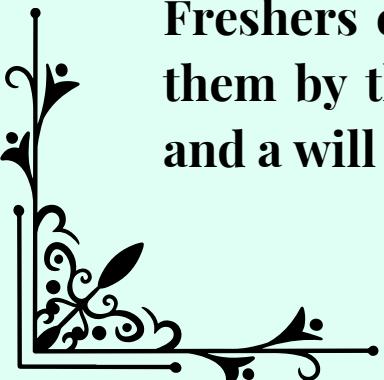

# Electronics and Robotics Club

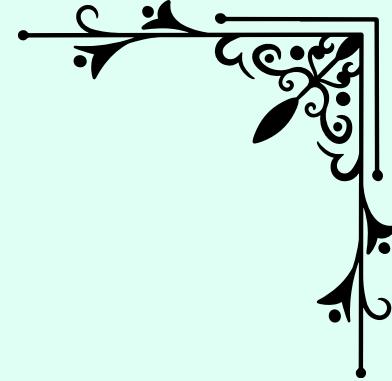

**Electronics and robotics Club works on 15+ projects each year. These include research projects and several fun projects like a humanoid robot, robot dog, Wall-E, automated air hockey, etc. We provide an environment and resources for everyone to learn and grow together, developing the electronics and robotics culture of BITS not just in software but also in hardware.**

**The club will help them unlock the door to the world of robotics. They will get an opportunity to work on the projects encompassing the fields of Robotics like Electronics, Mechanical and Automation.**

**Freshers can prepare by working out the tasks given to them by the Electronics and Robotics Club. Enthusiasm and a will to learn is always appreciated.**

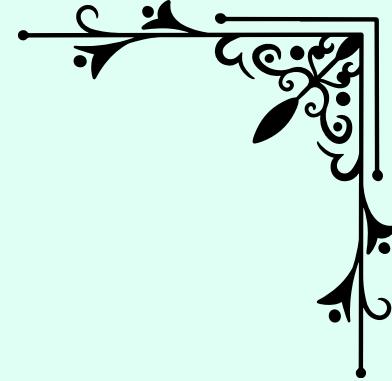

## Blockchain Club

Blockchain Club is a student-driven community dedicated to exploring and harnessing the power of blockchain technology. We aim to educate and empower students through a variety of activities, including workshops, guest lectures, and collaborative projects. Our focus areas include cryptocurrencies, smart contracts, decentralized finance (DeFi), and NFTs, ensuring that members gain both theoretical knowledge and practical experience. The club also serves as a networking hub, connecting students with industry experts, alumni, and like-minded peers. Whether you're new to blockchain or an enthusiast, our club offers a supportive environment to learn, innovate, and contribute to the future of digital technology.

Inductees are expected to be active in their projects as each member's contribution is equally important for the progress of the projects taking place.

## BITSkrieg

**BITSkrieg** is the cybersecurity club at BITS Pilani, Goa Campus. Ranked at #3 in India, we're dedicated to fostering a strong cybersecurity community at BITS, we organize workshops, competitions, and talks to equip students with the knowledge and necessary skills. In addition to this we also work on research projects in the field on cybersecurity in association with different organisations such as the Indian Government.

Freshers should be enthusiastic, and open to new experiences and learnings. Contrary to popular beliefs, this club has no pre-requisites.

Inductees will be able to engage in hands-on learning through workshops, CTFs, and projects.

Most importantly, freshers can get to learn something new and unique while having fun and making lifelong friends.

## Developer's Society - DEVSOC

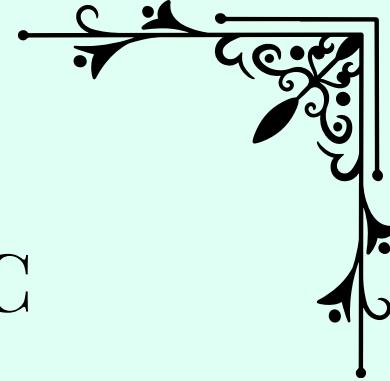

Whether you're a beginner taking your first steps or an experienced developer looking to broaden your expertise, DevSoc provides the resources, guidance, and collaborative opportunities to help you thrive and expand the horizons. Some of their projects are CSA Times app, all three fests websites and apps, auto-campnet and many more!

For the new inductees, there are workshops and sessions where you are taught all about development. During our fests, DEVSOC is the backbone of the technical aspects of our campus.

Freshers need not have a prior experience with coding. They should be enthusiastic in learning and programming, as well as consistent with their work. This club's seniors will always be there to guide you in your avenues!

## Wall Street Club - WSC

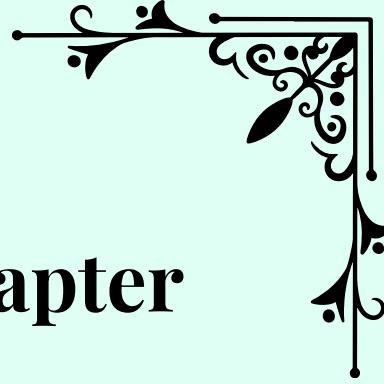

The Wall Street Club at BITS Goa is a vibrant student-led organization focused on finance, investment, and economics. It offers members a blend of theoretical knowledge and practical experience through research projects, finance competitions, and workshops. These activities are designed to equip students with essential skills in financial analysis, trading, and market research, providing them with real-world insights that prepare them for successful careers in finance.

Freshers can prepare by focusing on their basic financial knowledge, being updated with current events, familiarize themselves with financial tools, participate in online financial platforms, and preparing for mock aptitude tests.

Inductees are expected to be enthusiastic, productive and consistent with the club's workings.

## IEEE BITS Goa Student Chapter

The IEEE BITS Goa Student Chapter is a student-run organization that intends to encourage professional awareness within the technical community on campus. The club's flagship event is Lumini, the annual tech symposium, which provides a platform for students to interact with industry professionals. As a functional body of the campus, inductees are expected to actively participate in our events, contribute to the organization of workshops, and take initiative in exploring and sharing technological advancements.

Freshers can prepare for the induction rounds by familiarizing themselves with the basics of IEEE and its activities and staying updated on recent technological advancements. Being confident, communicative, and showing a genuine interest in the field will go a long way in making a strong impression during the induction rounds.

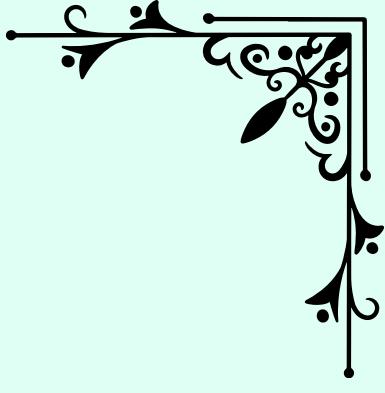

# Society of Automotive Engineers

**SAE (Society of Automotive Engineers)** is a collegiate club at BITS Goa, where a passionate group of students come together to design, build, and race their own vehicles. With a shared love for everything automotive, this team turns ideas into incredible machines. Among their remarkable creations are a Formula Student car, focused on speed and precision, and an ATV designed to conquer any terrain.

Inductees are expected to have these qualities - Punctuality & regularity in sessions, ready to do hands-on work in workshops in a safe environment, willing to learn more through SAE research, and dedicated to working in our flagship events.

No prerequisites are required to join this club. The club seeks enthusiastic students with a curious mind.

# DEPARTMENTS

## DEPARTMENTS

# BITSMUN

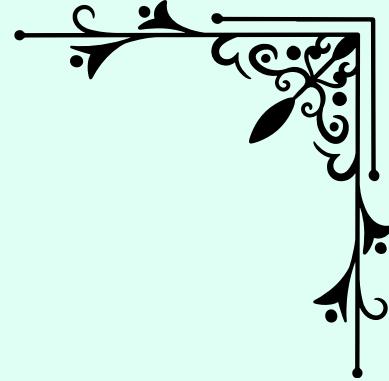

BITSMUN at BITS Goa is a leading department dedicated to the Model United Nations (MUN) circuit, renowned for organising one of the oldest and largest MUN conferences in India. In its 15th edition, BITSMUN drew over 400 participants, including both national and international delegates. We also boast our achievement of onboarding 16 sponsors independently for our conference and having Dr.Kiran Bedi as the Chief Guest. Beyond hosting this flagship event, the department actively participates in MUNs across the country and is expanding its initiatives this year to include more delegate exchange programs.

As a department, BITSMUN takes care of the entire event which includes various lucrative verticals like Delegate Affairs, Media and Marketing, Sponsorships, Logistics and Research.

The inductees should be prolific communicators with good negotiation skills. We are also looking out for designers who can help us with video editing and post designs.

Do some research about what MUNs are and go through our previous initiatives and posts on Instagram.

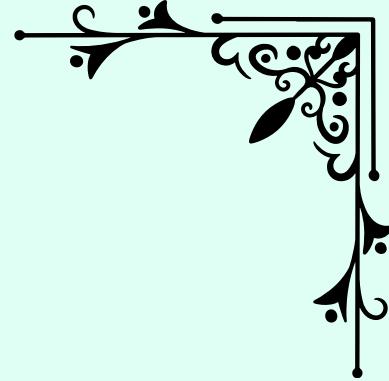

## Spree Controls

**BITS Goa Consulting Club (BGCC)** is a student-led organization dedicated to building a passion for consulting, product management, and business strategy among its members. BGCC provides a platform for students to engage in real-world consulting projects in collaboration with startups and NGOs, national-level case competitions, and informative workshops, honing their problem-solving and analytical skills. With a focus on professional development, executive-level networking, and hands-on experience, the club connects students with industry experts and offers opportunities for growth in various consulting domains. BGCC's initiatives include collaborative projects with businesses, organizing guest lectures and case study workshops, and helping members gain valuable practical insights and experience in the consulting field. Familiarize yourself with the consulting industry, including its structure, major players, and current trends. This knowledge will help you engage in discussions and demonstrate your interest in the field. Focus on honing skills that are critical in consulting, such as analytical thinking, problem-solving, and communication. Participating in workshops or training sessions can enhance these competencies.

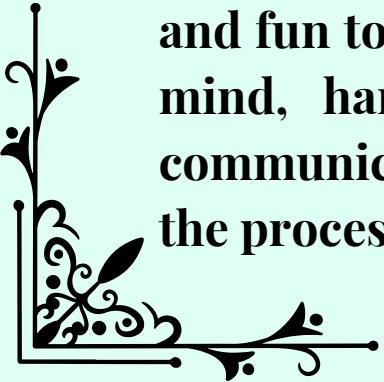

## Waves Controls

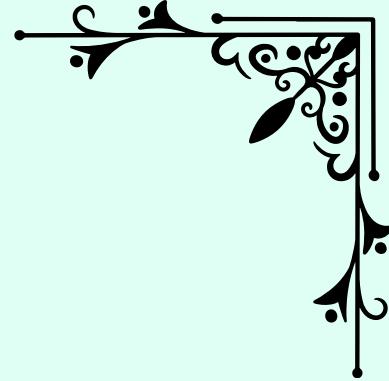

**Waves Controls (WavesC)** is the soul behind Waves, the cultural fest of BITS Goa. It is not just about making sure everything runs perfectly—this club's members are the masterminds behind calling in influencers and judges from FilterCopy, Viacom, and other big names to add that extra flair to our events. This club considers themselves a close-knit family that works together at work and at play, making every moment count.

As a member of WavesC, you can expect to dive into the heart of Waves, shaping the very soul of the fest from ideating its theme and merch to bringing all its events to life. From managing judges to interacting with over 1200 talented participants from across the country, you'll meet people with diverse passions and skills.

Inductees are expected to bring some energy, creativity and fun to the party. While it's important to have a sharp mind, handle tricky situations with the judges and communicate well, it's equally important to have fun in the process.

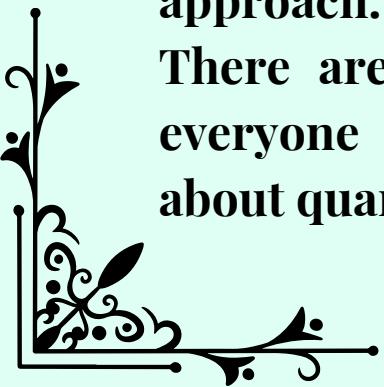

## Quark Controls

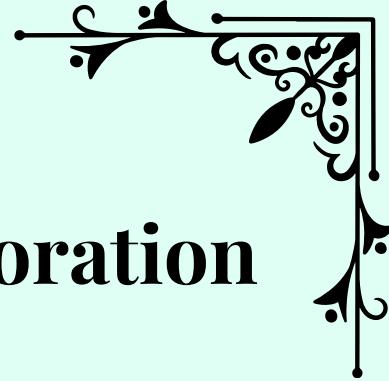

**Quark Controls** is the dynamic engine that drives Quark, the flagship techno-management festival of BITS Goa. From jaw-dropping robotic battles and intense coding marathons to inspiring lectures by industry giants, Quark is where the brightest minds from across India converge. As the heart and soul of this massive fest, Quark Controls isn't just about organizing events—it's about curating an unforgettable journey of learning, competition, and collaboration that leaves a lasting impact.

As an inductee into Quark Controls, we expect you to bring enthusiasm, creativity, and a strong commitment to excellence. You'll need to work collaboratively, contribute fresh ideas, and be proactive in your approach.

There are no pre-requisites, this club is welcome to everyone who is interested and enthusiastic to learn about quark, and its events.

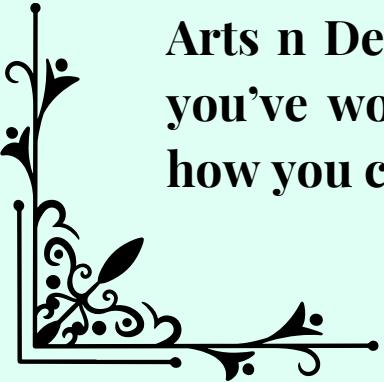

# Department of Arts and Decoration -AnD

Arts n Deco is where creativity meets scale. They are the heartbeat of campus aesthetics, transforming spaces with their artwork, from vibrant paintings to towering structures. Whether it's decking out the campus for our grand fests, or adding a special touch to Independence Day and other special events, this department is the mastermind behind the scenes. If you have a passion for art, design, and bringing ideas to life in the most impactful way, Arts n Deco is the place to be.

There are no prerequisites to join—bring your enthusiasm and a willingness to learn! Whether you're a seasoned artist or simply curious about exploring your creative side, we welcome you with open arms.

Arts n Deco is all about collaboration. Think about how you've worked in teams before and be ready to discuss how you can contribute positively to group projects.

# Department of Backstage and Infrastructure Management

**Department of Backstage and Infrastructure Management, the soul of BITS Goa's logistical endeavors!** We are a student-run department that takes pride in managing our college Auditorium and orchestrating the production of every event on campus. From setting the stage to controlling the lights and sound, Backstage's members gain hands-on experience in event management, technical production, and teamwork. This department is the invisible force that brings the magic of live events to life, ensuring that every detail is meticulously planned and executed flawlessly. Whether you're a tech enthusiast, a budding event planner, or simply passionate about the performing arts, there's a place for you here.

From setting the stage to controlling the lights and sound, the members gain hands-on experience in event management, technical production, and teamwork.

Inductees are expected to maintain professionalism, and perform what is expected of them diligently with utmost care, and most importantly, discipline, during the fests.

## DEPARTMENTS

# Department of Creative Works -

**DoCW's vibrant team orchestrates a wide array of exciting events from laser tag, silent disco, hogathon, drinkathon, techno night, glow party, paint ball, prom and many more. They thrive on brainstorming and innovation, giving you hands-on experience and exposure with everything from college students to external vendors.**

**Joining DoCW means becoming part of a close-knit family that enjoys time to time outings, brainstorming sessions, treats, lots of fun during making of the events and general body meets increasing the bond. There are no prerequisites to join—just bring your creativity and an open mind. Dive into a world where thinking outside the box is the norm and make unforgettable memories in the fests!**

## DEPARTMENTS

# Department of Finance and Asset Management - DoFAM

**Finance is key to the fest's success, and DoFAM expertly manages its finances and assets. Handling a revenue pool exceeding 3.5Cr, this department controls all budget allocation, cost control, and resource optimization, ensuring efficiency and transparency. Through strategic planning and efficient operations, DoFAM aims to create a sustainable fest environment that supports both creativity and excellence. DoFAM works closely with all other fest bodies in order to financially monitor and support their visions and making them a reality.**

**Freshers are expected to have a basic knowledge of finance. A curious mind and a will to learn about fests and its asset management is welcome and appreciated.**

# Department of Photography

## DoPy

The Department of Photography at BITS Goa is a vibrant and creative community dedicated to capturing the essence of campus life and beyond. It serves as a platform for students passionate about photography, offering them opportunities to hone their skills through workshops, events, and photo walks. The department is responsible for covering major events on campus, documenting memories through high-quality photographs. It also organizes exhibitions and competitions, encouraging students to showcase their work.

The inductees are expected to have good knowledge about camera handling and be passionate about photography and videography.

The department expects the freshers to know basics of camera handling whose material they provide prior to the inductions.

# The Department of Professional Nights -PRONITES

**The Department of Professional Nights is the proud progenitor of India's largest semi-professional band competition - Searock.**

**But more than that, these are the guys who decide and manage the artists for every night of the fests on campus.**

**So if that's what piques your interest, then do a little research, understand how managerial roles work in these scenarios and come right up for inductions.**

## DEPARTMENTS

# Department of Publicity and PR -DePP

This department is mainly responsible for calling participants to campus fests from various colleges all over the nation, as well as celebrities who sway one and all with their amazing performances.

If any part of you screams PR, DePP is the department to try out.

## **Department of Surveillance and Registration - DoSaR**

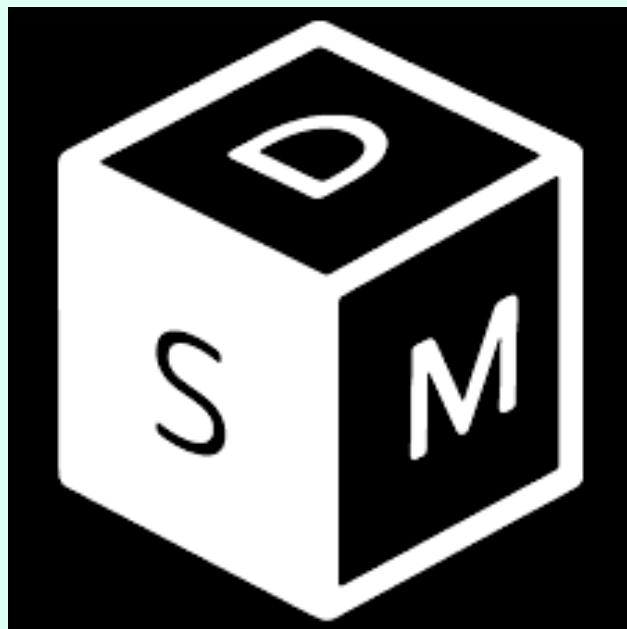

**DoSaR looks after the fests and deals with the surveillance and the registration of the outstation participants who attend the fests.**

**They ensure that the disciplinary rules set by the Institute are not violated and that no damage is done to the Institute's reputation or its property.**

**They also manage the crowd and assist the event managers as and when needed.**

DEPARTMENTS

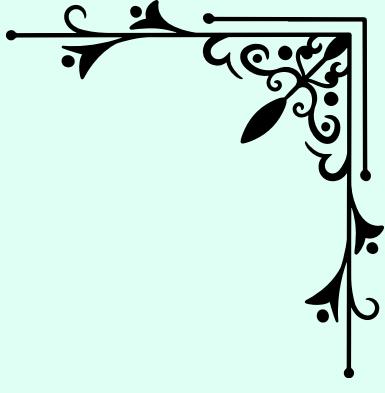

# Department of Sponsorship and Marketing -DoSM

Fests need money to happen, and money is arranged via sponsors. That is where DoSM chips in.

Calling sponsors and maintaining their smiles by advertising them throughout the campus is basically what these guys do.

So if the thought of negotiating with legitimate corporations for acquiring funds excites you, definitely give DoSM a shot.

# ORGANISATIONS

## ORGANISATIONS

### Nirmaan

**Nirmaan Goa Chapter, a student-led extension of the Nirmaan Organization founded by BITS Pilani students, is powered by 250+ volunteers from BITS Pilani, Goa Campus. Since 2007, we've driven social empowerment across education, employment, healthcare, and community development, with 15+ events and 20+ initiatives.**

Our community of 250+ volunteers offers a collaborative environment for skill development in leadership, teamwork, project management, and communication, with direct involvement in organizing and executing events and initiatives.

We seek individuals with a genuine interest in social empowerment, who are self-motivated, reliable, and adaptable. Respect and sensitivity towards the communities we serve are essential.

We encourage you to join us for our pre-induction events in the Health, Teaching, and Employment verticals to get a firsthand experience of our work. For more information, please visit our Instagram and LinkedIn pages.

## ORGANISATIONS

# Student Alumni Relations Cell -SARC

The Student Alumni Relations Cell (SARC) is an independent organization dedicated to fostering strong connections between students and alumni of BITS Goa. Our primary focus is on fundraising and bridging the gap between current students and our esteemed alumni network. SARC spearheads five major events: Batch Snaps, Director's Tea Party, Convocation, Metanoia (our flagship event), BITSIANS Day, and the Annual Reunion. Each event is meticulously designed to celebrate the BITSian spirit, promote networking, and create lasting memories that strengthen the bond between past and present generations of BITS Goa.

Inductees will engage in a wide range of activities, from networking with prominent alumni to organizing major institute events. Whether it's crafting engaging articles, designing creative posts, or conducting insightful alumni interviews, inductees will have the opportunity to develop diverse skills.

We value those who are fluent in public speaking, eager to learn and experiment, and prompt in their responsibilities. Creative skills, especially in design and video editing, are highly appreciated, along with the ability to communicate ideas confidently and effectively.

To prepare for the induction rounds, freshers should familiarize themselves with SARC by exploring our social media and researching our events.

## ORGANISATIONS

### Abhigyaan

**Abhigyaan, founded in 2005, is a student-run organization at BITS Goa with the goal of "Education For All," initiated by Director Prof. T.C. Goel.**

**It boasts the largest number of volunteers among all clubs, with five running batches both on and off-campus. These include Project Lamani and Disha for underprivileged children, Evening Batch for non-teaching staff's kids, English Batch for housekeeping staff, and Mess Batch for mess workers.**

**Abhigyaan hosts various events annually, promoting patriotism, education, and community engagement, including Independence Day, Teacher's Day, Sports Day, and Abhigyaan Week activities like finance talks and dengue awareness drives.**

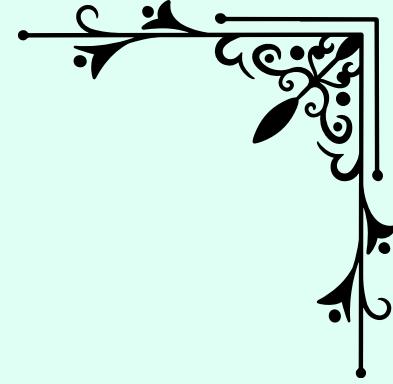

## ORGANISATIONS

### TEDxBITSGoa

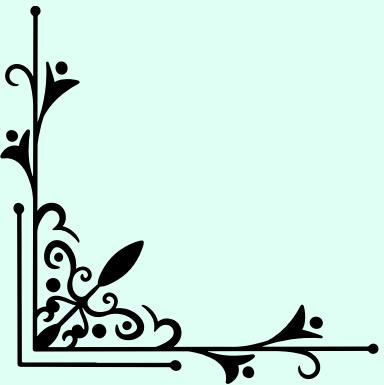

**TEDxBITSGoa is a student organisation that is both sought after and one of the toughest to get into. Maintaining its reputation as the oldest-running TEDx event in India, this team creates an atmosphere of wonder and admiration in all the attendees of their annual conference year after year.**

**Celebrities, entrepreneurs and prodigies line up their roster, and should you choose to participate, you'll find yourself organising talks and events that the entire campus will eagerly look forward to.**

# BUDDING GROUPS

## Budding Groups

### Lumos

**Welcome to Lumos - The BITS Goa Magic Society, our enchanting club! We're excited to meet new faces ready to dive into the world of magic and mentalism.**

If you're thinking about joining us, we value passion, creativity, and a love for the art of illusion. Whether you're an experienced magician or just starting out, what truly matters is your dedication to learning and performing. Regular practice, keen attention to detail, and a spirit of collaboration are key, as we work together to craft mesmerizing performances.

In return, you'll enjoy an experience that goes beyond simply learning tricks. You'll have the opportunity to sharpen your magical abilities, explore the art of mentalism, and perform at a variety of events. We focus on creativity and teamwork, helping you grow both as an artist and a team player. Plus, you'll form lasting friendships and create unforgettable memories. Welcome to Lumos—let's create magic together!

Budding Groups

## Fun Unlimited Comedy Club

The Fun Unlimited Comedy Club at BITS Goa is a group of Comedy enthusiasts. We aim to improve comedy culture on campus and it will act as a platform for new standup comics in future.

We plan to organise various events like FUCC Nite, Open Mics, Skits, parodies etc.

There are no prerequisites for the club, but a FUCC aspirant should be passionate about Comedy.

## Budding Groups

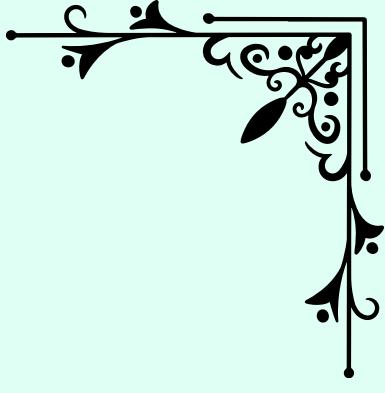

# The Culinary Club

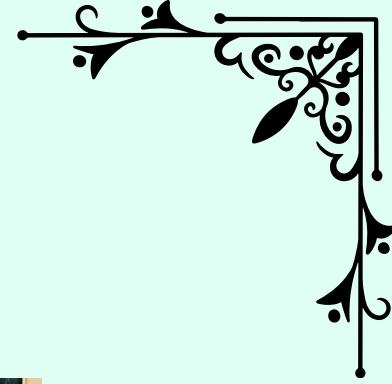

The Culinary Club at BITS Goa is a vibrant and enthusiastic community, where students with a passion for cooking come together to explore the culinary arts. It offers a platform for members to refine their cooking skills through a variety of engaging activities such as workshops, cooking sessions, and culinary outings. The club also organized on-campus and off-campus events that expose students to diverse cuisines and cooking techniques.

Members of the Culinary Club also play an active role in organizing food-related events on campus, where they have the opportunity to demonstrate their skills and creativity. The club regularly hosts competitions, encouraging participants to experiment with flavors and present their culinary masterpieces.

Inductees are expected to have a keen interest in cooking and a willingness to learn and experiment in the kitchen. The club provides basic training materials before the induction process to ensure that freshers are well-prepared to dive into the world of culinary exploration.

# **REGIONAL ASSOCIATIONS**

## Regional Associations

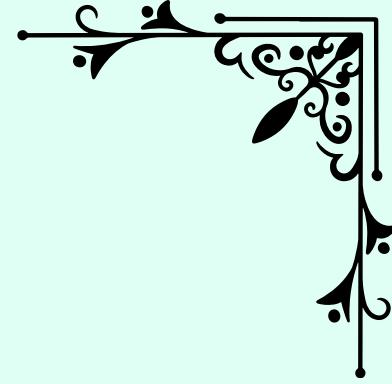

### Punjabi Virsa

**Punjabi Virsa** is a cultural club dedicated to celebrating the vibrant traditions of Punjab. Open to both Punjabis and non-Punjabis, the club offers a welcoming community where everyone can experience the warmth of Punjabi culture.

We are known for our energetic Bhangra performances, having showcased our talent at events like Waves and Spree. Beyond dance, Punjabi Virsa celebrates significant cultural events such as Gurpurab and Lohri, fostering a sense of spirituality, community, and joy among members.

Our club also hosts outings and workshops, strengthening bonds and ensuring that everyone feels connected, no matter how far they are from home. Joining Punjabi Virsa means becoming part of a family that values tradition, community, and lifelong friendships.

## Regional Associations

# Maharashtra Mandal

The Maharashtra Mandal of BITS Goa is a vibrant cultural organization that brings the essence of Maharashtra to campus life. As a home away from home for Maharashtrian BITSians, it fosters a sense of community and belonging through the celebration of festivals, traditions, and cultural heritage. From organizing Ganesh Chaturthi and Ram Navami, we offer a diverse range of activities that immerse members in the rich culture of Maharashtra. Open to all BITSians, whether Maharashtrian or not, the Mandal welcomes everyone with a passion for learning and enjoying the cultural tapestry of Maharashtra. Marathi language proficiency is not a requirement.

We expect inductees to be enthusiastic, proactive, and collaborative. Maharashtra Mandal thrives on the active participation of its members, whether it's in planning events, performing in cultural showcases, or contributing fresh ideas to our activities. We also encourage them to be open to learning, adaptable, and ready to take on responsibilities that help maintain the vibrant cultural atmosphere of the club.
